

# My Turn - Volunteer

## Get Started Today

My Turn - Volunteer is a free service for My Turn - Clinic users that connects medical personnel and service-oriented Californians with volunteer opportunities at vaccination sites across the state. This convenient system for scheduling shifts features automated workflows and customized communications.

## How it works

Schedule available shifts in the calendar that volunteers can sign up for

Simplify recruitment by offering groups of volunteers a single code for registration

Get automated confirmation of scheduled shifts, completed trainings and medical license checks

Reduce volunteer no-shows with a series of automated email event reminders

Communicate with volunteers using optional customized emails

## Key benefits

### Recruitment

Create and publish shifts for volunteers to choose from. Use targeted email campaigns to advertise opportunities and recruit volunteers in your area.

### Self-service

Recruit at a pace that suits your clinic's needs. Use easy-to-follow automated and manual steps to perform necessary functions, like shift confirmation and on-demand communications.

### Reporting

Get instant access to real-time reports as soon as My Turn - Volunteer is activated.

### Support

For additional support—including online resources, in-depth tutorials and how-to videos—call the My Turn - Volunteer hotline at 415-523-6341.
